Re: New Hampshire PUC Docket # DE 09-\_\_\_\_\_

Dear Ms. Howland:

Enclosed please find an application to certify Williams Stone Wind Farm's electrical output that is sold to Western Massachusetts Electric Company as well as the electrical output that is consumed by Williams Stone Company, Inc. as renewable energy qualifying for the New Hampshire Class I RPS requirement. If this application is approved by the New Hampshire Public Utilities Commission, all of the renewable energy of Williams Stone Wind Farm ("Williams") would be verified by William P. Short III, reported by him under account Non-MSS GIS account number 32828 and entered directly by him into the NEPOOL GIS. Mr. Short has received notice from the Massachusetts Department of Energy Resources of its approval of his application to be certified as an Independent Third-Party Meter Reader for Williams.
